

My current solution

Recessed 1- or 2-Roll

Identifying features:

These dispensers are recessed (cut) directly into the wall and are available in single or 2-roll side-by-side. They have a simple round, spring-loaded spindle.

My Tork solution

Tork Coreless High Capacity Spindle Kit, Type C or D

Possible spindle upgrades:

Primary choice: 473040 Spindle kit for Tork Coreless High Capacity Bath Tissue Rolls, for Side-by-Side Dispensers Type C

Secondary choice: 473060 Spindle kit for Tork Coreless High Capacity Bath Tissue Rolls, for Side-by-Side Dispensers Type D

A spindle kit from Tork is an easy way of converting your current bath tissue dispenser into one which can use Tork Coreless High Capacity Bath Tissue Rolls.

- Highly compacted rolls more than doubles the capacity.
- No cardboard cores like in standard toilet rolls and no wrappers means there's less waste to handle.
- Less frequent refilling means lower maintenance costs.

Note: Both the Type C and D spindle may work in your dispenser. The correct one depends on arm width. Your Tork representative will supply you with both.

Tork Advanced Coreless High Capacity 2-Ply Bath Tissue has twice the capacity for fewer maintenance intervals and reduced risk of product run-outs for improved patron satisfaction. Allows you to manage waste effectively and responsibly with less trash to remove and more time for the other tasks. Ideal for low to medium traffic washrooms with high focus on guest satisfaction.

www.tork.ca

Poly-bundle packaging reduces inventory space required, making refill storage and retrieval easier than traditional roll tissue.

Without the core, you gain more - two high-capacity rolls are equivalent to five conventional rolls.

Offers the comfort of 2-Ply softness with reliable performance you can count on.

This product contains recycled fibers (minimum 40%) and a minimum of 20% Post Consumer fibers - environmental benefits and positive image builder.

EPA Compliant and FSC certified for reduced environmental impact.
